BOHOL ART -EXP(L)O 2017

An Expo/ Explosion of Boholano Creativity , Innovation and Transformation
In the Islands of Bohol!!!
Bohol's Big Bang!

Time has come for Boholano creative energy to be unleashed anew.

After years of cultural implosion and exploration, our artist populations in Bohol seek another burst of explosive creativity to dynamize efforts for sustainable transformation amongst individuals, communities, towns, and insitutions.

Creative energy will shout out to fuel more innovative productions in the various sectors: agriculture, fishing, tourism, urban businesses, governance, arts, creative enterprises and industries.

Creative energy will solarize landscapes with renewable sources of creative power, transforming natural sites into creative venues for human and community interaction, showcasing local ingenuity and virtuosity of spirit along rivers, in mountains, forests, and coasts.

Creative energy will ignite malls, plazas, community centers, streets with a conflagration of imaginative minds and hearts extolling Boholano character and spirit, renewed visions of hope and prosperity.

Creative energy will erupt to spawn new forms, styles, genres, in the arts: music, dance, drama, literature, visual arts, architecture, film, and new social media forging a re-evolution of artistry and creativity across the entire island.

Creative energy shall unleash the cultural treasures of our heritage: language, history, standing monuments, values, stories, folkways and capture them to transfuse contemporary creation.

Creative and Transformative Energy shall unwind a new age: the Age of the Creative Economy for Bohol...where arts and culture become a springboard for environmental protection, economic livelihoods, enlightened governance, and spiritual re-awakening..

BOHOL ART -EXP(L)O 2017

will incarnate and concretize the adage of the year:

MALIKHAIN..MAPAGBAGO..FILIPINO...

BOHOLANO

II RATIONALE:

The National Arts Month is celebrated every year in the month of February pursuant to Presidential Proclamation No.683 series of 1991. In the past celebrations, the traditional art exhibitions and performances have been given the widest support and cooperation by the Provincial Government of Bohol with the stakeholders during the whole art season.

This year 2017, NAM celebration carries the national theme “MALIKHAIN, MAPAGBAGO, FILIPINO”, which the local cultural community translates into a local theme as: “ARTS EXPLOSION IN THE ISLAND”. The very essence of arts explosion in the island Province of Bohol is to give a break for the Boholano artists to blossom in the arts scene both in the national and international levels and to illustrate the multi-faceted expressions of art whereby the different artistic prowess of the local artists will be dramatically illustrated and amplified during the entire month period. The entire month will be divided into four (4) major weekly events in such a way that the different fields of art will be substantially covered. The central idea of having arts explosion is to create a resonating aura and gamut of arts exploding in all corners of the art world and echoing far across all segments of society with the end in view to increase public awareness and appreciation on the Boholano arts and talents.

Thus the Bohol title of the NAM Celebration for 2017 is BOHOL ART-EXPLO 2017..
Where creativity explodes to transform spaces, people, ideas
