MEMORANDUM

FOR : ALL REGIONAL DIRECTORS

FROM : 
REYNALDO D. LAGUDA
Undersecretary for Finance and Administration

SUBJECT : FEEDBACK ON THE TECHNICAL SPECIFICATIONS OF ICT
EQUIPMENT IN THE DATABASE MANAGEMENT SYSTEMS (DBMS)

DATE : March 18, 2016

Under the DepEd Computerization Program 2016, computer packages are allocated for all senior high schools. There will be two types of packages – regular and specialized. The regular package will contain 7 hosts, 42 thin clients, 2 laptops, a 3-in-1 printer, a projector, and the Microsoft Office suite, while the specialized package will contain 50 standalone computers, a laptop, a 3-in-1 printer, a projector, the Microsoft Office suite, and software specific to certain Program Offerings.

The specialized package will be provided to schools with any of the following program offerings: Medical Transcription NC II, Animation NC II, Illustration NC II Technical Drafting NC II, Programming Java NC II, Programming Oracle Database NC II, and Arts and Design. The specifications of standalone computers will be sufficient to run the software requirements, specified in the technical specifications. While the DBMS indicates that Travel Services NC II, Front Office Services NC II, and Contact Center Services Nc II need standalone computers, the host PC and thin client set-up will be sufficient to run their specific software requirements.

In connection with this, the ICTS studied the technical specifications of ICT equipment, included in the list of TVL equipment. ICTS recommends that computers and specialized software already in the ICT package to be provided to all Senior High Schools through DCP removed from DBMS, and that specialized ICT equipment and

software, not included in the DCP package be retained in the DBMS as regions may choose to procure these for their schools.

Attached is the list of equipment to be provided under DCP 2016 the corresponding TVL tracks.

For your guidance.

Thank you.

• **List of Equipment to be provided under DCP 2016**

TVL Track	Quantity	Equipment
1. Medical Transcription NC II	51	Standalone Computer with Audio Player Software
	4	16-ports switch
2. Programming Java NC II	51	Standalone Computer
	1	3-in-1 Printer
	1	Projector
	4	16-ports switch
3. Programming Oracle Database NC II	51	Standalone Computer
	1	3-in-1 Printer
	1	Projector
4. Technical Drafting NC II	51	Standalone Computer with CAD Software
	1	3-in-1 Printer
5. Travel Services NC II	49	Host PCs and Thin Clients with Office Productivity Software
	1	Projector
	1	Printer
6. Front Office Services NC II	49	Host PCs and Thin Clients
7. Illustration NC II	1	3-in-1 Printer
	51	Digitizer Tablet with Raster / Vector Editing Software
8. Animation NC II	51	Standalone Computer
	1	Projector
9. Contact Center Services	49	Host PCs and Thin Clients
	1	Projector

• **List of Equipment NOT included in DCP 2016**

TVL Track	Equipment
1. Programming Java NC II	Server Machine
2. Technical Drafting NC II	Plotter
3. Travel Services NC II	Television
4. Animation NC II	Digital Camera with Tripod
