Re: Support Program for Parents to Improve Reading Skills of their K-3 Children

Dear **Dr. Zapanta**

Warm greetings from Basa Pilipinas!

Part of the advocacy of Basa Pilipinas to improve reading skills of early grade pupils, we will be conducting a Support Program for Parents to Improve Reading Skills of their K-3 Children. The said activity is also seen to broaden the coalition advancing the importance of reading and the collaborative role of parents and teachers in the education of their children.

Specifically, the activity aims to:

- inculcate basic knowledge on reading and its importance
- generate active participation and support of parents to improve reading skills of early grade children
- provide opportunities for parents to create reading materials that can be done and used at home
- increase appreciation of the collaborative role of parents and teachers in the education of their children, especially on improving their reading skills

During the DepEd Coordination meeting, we propose to have this activity in Eastern Cogon Elementary School and will be participated by parents of the K-3 children of the same school. This will be on **17th July, Monday at 1:00-5:00PM.**

With your support and approval, we shall be discussing further details of the program with the School Head, Mrs. Marilyn Gotiay. And certainly, we will be happy to have you during this half-day seminar with parents, if your availability permits.

Thank you so much for your continued support.

Sincerely,

Loucille Alcala-Dabhi
Program Team Leader, Bohol
