DIVISION MEMORANDUM

No. 619 s. 2017

**SEARCH FOR MODELONG GULAYAN SA PAARALAN 2017
UNDER GULAYAN SA PAARALAN PROGRAM (GPP) – DIVISION LEVEL**

To: Public Elementary & Secondary School Heads
All Others Concerned

1. The Provincial Government of Bohol (PGBh) through the Office of the Provincial Agriculturist (OPA) in cooperation and partnership with DepEd City Division and Bohol Agricultural Promotion Center (BAPC) together with other partner agencies is again in the implementation of the annual search for MODELONG GULAYAN SA PAARALAN under the GULAYAN SA PAARALAN PROGRAM (GPP).
2. The program aims to widen the knowledge of the pupils in agriculture especially in vegetable gardening and importance of having vegetables in the yard at their young age. It is essential to have gardens in school surroundings as a learning avenue and training ground for learners. It is necessary to have available source of nutritious fresh vegetables to our learners for feeding.
3. In this regard, the Division Gulayan sa Paralan Evaluation Team with the City Agriculture Coordinator will conduct the evaluation in the city schools starting this October 3, 2017. The evaluation will focus on the vegetables to be used for cooking "Pinakbit". Attached is the criteria for judging for your guidance.
4. Immediate and wide dissemination of this memorandum is desired.

VIRGINIA C. ZAPANTA, Ed.D., CESO V
Schools Division Superintendent

Rural Area School Gardening 2-1-15 Organized Area School
final criteria were the following:

RURAL AREASGARDEN CRITERIA	POINTS	INDICATORS	JUDGES REMARKS
1. Area at least 200 sq. m. No./kind of vegetables raised A. Squash - 1x3m at least 10 hills B. String beans - .75x1m at least 40 hills C. Okra - .75x1m at least 40 hills D. Eggplant - .75x1m at least 40 hills E. Ampalaya - 1x2m at least at least 15 hills F. Tomato - .75x1m at least 40 hills Note: At least 30 sq. m. per kind	20 pts.	a. More than 6 kinds- 20 pts. b. 5 kinds - 15 pts. c. 4 kinds - 10 pts. d. 3 kinds - 5 pts.	1. Crop stand 2. Vigor 3. Cultural management
2. Organically grown (availability of NFTS and vermicompost) a. NFTS concoctions available b. Vermicast/compost Note: Locally made/documentations	20 pts.	a. With NFTS concoctions and Vermicast/compost available and used - 20 pts. b. Either NFTS concoctions or Vermicast/compost available and used - 10 pts. c. Ordinary compost/manure used - 5 pts.	
3. Productivity	10 pts.	a. Properly recorded yields per crop (kg) (10 pts.) with picture.	
4. Sustainability - a. Squash - 5 hills b. String beans - 5 hills c. Okra - 5 hills d. Eggplant -5 hills e. Ampalaya - 5 hills f. Tomato - 5 hills	10 pts.	a. Seed production area - have good quality seeds - (10 pts.) -Enough for next cropping and able to share seeds to the community. (HS Level - 50sq.m, Elementary - 10sq. m.)	
5. Complete documentation (Garden Entrepreneurial Records and Pictures) a. Crop yield per cropping per crop (sold, consumed, saved for seeds, supplementary feeding in kgs.)	20 p t s	a. Complete documentation (Garden Entrepreneurial Records and Pictures) noted by the principal and MAO - 20 pts. b. Garden entrepreneurial records only - 15 pts. c. Pictures only - 5 pts.	
6. Community Impact (Replication) a. Adoption rate	10 pts	a. Adoption of technology by families/purok with	

	(number of families/purok adopted the technology) b. Linkaging with LGUs and other stakeholders		Barangay LGUs /stakeholders support (at least 1 barangay ordinance) – 10 pts. b. Adoption of technology by families/purok without Barangay LGUs /stakeholders support – 7 pts. c. Planting without proper adoption of the technology - 5 pts.	
7. Nursery Development		10 pts.	- Established Nursery – 10 pts.	
Total :		100 PTS.		

URBANIZED/CONTAINERIZED GARDENING CRITERIA	POINTS	Indicators	JUDGES REMARKS
1. No. of containers planted recycled containers. No./kinds of vegetables raised a. Squash - 10 hills b. String beans – 40 hills c. Okra – 40 hills d. Eggplant – 40 hills e. Ampalaya – 15 hills f. Tomato – 40 hills	20 pts.	a. Utilized recycled containers with more than 6 varieties – 20 pts. b. Utilized recycled containers with 5 varieties – 15 pts. c. Utilized recycled containers with 4 varieties – 10 pts. d. Utilized recycled containers with 3 varieties – 5 pts.	Crop stand 2. Vigor 3. Cultural management
2. Organically grown (availability of NFTS and vermicompost) a. NFTS concoctions available b. Vermicast/compost Note: Locally made/documentations	20 pts.	a. With NFTS concoctions and Vermicas/compost available and used – 20 pts. b. Either NFTS concoctions or Vermi culture/compost available and used – 10 pts. c. Ordinary compost/manure used – 5 pts.	
3. Productivity	10 pts.	a. Properly recorded yields per crop (kg) (10 pts.)	
4. Sustainability – (CONTAINERIZED) a. Squash - 5 hills b. String beans – 5 hills c. Okra – 5 hills d. Eggplant – 5 hills e. Ampalaya - 5 hills f. Tomato - 5 hills	10 pts.	a.
