Greetings!

In order to provide a platform to all aspiring film makers an opportunity to expose their fresh talents, the Commission on Population VII (POPCOM) 4th ADOLESCENT HEALTH AND DEVELOPMENT FILM FESTIVAL (AHDF) is now accepting entries to a school based Short Film Competition. It is a region-wide competition for students to encourage the youth to harness their creativity and talents in storytelling through film making and at the same time, provide young people with appropriate information and life skills to enable them to cope with problems related to the attainment of their full development into adulthood.

Winning entries will be awarded with cash prizes and plaques and will be showcased in the Commission's events and social networks. The top film will be the region's entry to the national competition.

In this regard, we earnestly seek the support of your division in disseminating information on the competition to your schools/students and encourage them to join and participate in the 2018 AHDF Short Film Competition. Attached herewith is the formal letter of invitation and confirmation slip for interested parties.

Further, please be informed that we will also be conducting workshops to give student filmmakers the opportunity to learn from distinguished names in the film industry. *Schedule of workshops* are on **June 21** (Tagbilaran City, Bohol), **June 22** (Cebu City), and **June 26** (Dumaguete City, Negros Oriental for Neg Or and Siquijor participants). Actual venue will be announced later.

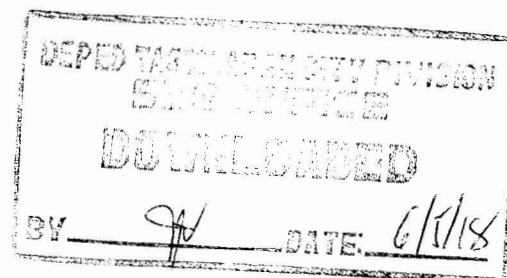

Lunch and AM/PM snacks will be provided for free however transportation expenses will be charged to the sending school. For more information, you may contact *Atty. Sheryl Mary N. Villarta-Ygay*, AHDF Regional Coordinator, at 0932 906 6090 or the regional office at (032) 236-4963, 416 2528.

We look forward to your support and participation to this endeavor. Thank you and our warmest regards.

Sincerely,

Dear Dr. Zapanta:

Greetings!

Young people make up one fifth of the country's population. That means 19.2 million youth, half of which are adolescents aged 15-19 sailing for adulthood in the next few years (YAFS 2013).

Many critical concerns affect adolescents that make a great impact on the society such as early marriage, maternal death, limiting access to education and employment, poverty, domestic violence, the threat of STI/HIV and AIDS, and many others. These issues represent a crucial and unique opportunity for the Commission on Population (POPCOM) to address the diverse needs of adolescents and young people today.

The Adolescent Health and Development Health (AHD) program generally aims to contribute to the improvement and promotion of the total well-being of young people by addressing issues related to adolescent and youth sexuality and reproductive health rights.

As an initiative to strengthen the youth advocacy, public and private high schools in the region are invited to join the **Adolescent Health and Youth Development Film Festival**. Now on its fourth year, the festival focuses on sexual and non-sexual risks that young people engage in. This revolves around the theme: "**Post Millennial Filipinos: Renewed Hope vs. Risk – The Digital Diet**". The winning film will be the region's entry to the national competition. Kindly see enclosed guidelines and entry form.

In line with the abovementioned activity, we would like to request for your support and assistance in the invitation of the students from schools in your division to participate in the film festival. Interested parties are required to attend a free **film orientation workshop** on **June 21** (Bohol), **June 22** (Cebu), and **June 25** (Negros Oriental). Exact venue will be communicated later.

For inquiries, you may call Mr. Leo S. Fernandez or Atty. Sheryl Mary N. Villarta-Ygay at telephone numbers (032) 416-2558; 236-4963; 0977 830 6835.

Thank you for your unwavering support to the young people and to our youth program. More power!
