Dear **Dr. Zapanta**:

Greetings!

The University of Cebu-Main Campus is one of the successful awardees of the Discovery-Applied Research and Extension for Trans/Inter-Disciplinary Opportunities (DARE TO) Grant-in-Aid of the Commission on Higher Education. UC Main is the lead HEI together with Silliman University, Holy Name University and University of San Jose Recoletos as collaborating institutions. Kindly refer to the Notice To Proceed attached.

The research is entitled "*The Region VII and Negros Island Region K12 Implementation Experience: A Proposed Learning Management System*". The study takes into account the input from the different senior high school principals, teachers, staff, students and their parents in Region 7 and Negros Island Region as regards their experience in the first year of the implementation of the K to 12 Program, specifically Grade 11. It will focus on the problems encountered by the stakeholders with the end view of proposing for implementation a learning management system for the senior high schools in the two regions that may also be useful to the other regions of the country.

In this connection and with the endorsement from our Region VII Regional Director *Dr. Juliet A, Jeruta* (please find transmittal letter and approval letter attached), ***this is to ask permission to gather data from the different stakeholders, specifically the principals, teachers and students, in the senior high schools in the Tagbilaran City Division.*** As per Dr. Jeruta's instruction, permission from you will be sought and classes will not be disrupted in the data gathering process.

Thank you very much for the much needed support.

*Sincerely,*

**MARIA SALUD M. DE LOS SANTOS, PhD**  
UC Research Team Manager
