Dear Doctor,

Greetings!

On July 28, 2018, the Catholic Church will commemorate the 50th year anniversary of the most controversial papal encyclical, the *Humanae Vitae* (On Human Life). This was released by Pope Paul VI in July 28, 1968 reiterating the teachings on the value of human life from conception to natural death.

Fifty years passed but the dissent continues. Most of the couples dis-obeyed these teachings. While its evil fruits like divorce, abortion, gay union, acceptance of homosexual lifestyles, new gender identity, IVF and the introduction of physician-assisted suicide have now gained foothold in nearly all corners of the planet.

To offer some hopes amidst on this very grim scenario, our office is organizing a special event, details:
