Fax Number: (032) 414-7325/414-7399

Attention: **Dr. Berna J. Ysulan**  
Supervising Dentist

Dear Dir Jeruta,

The Department of Health – Regional Office 7 has allocated long lasting insecticide treated nets (LLINs) to all Schools Divisions of Department of Education Region 7 for several years. This will be distributed to priority public elementary or high school to serve as physical barrier with insecticide release technology to repel, kill and prevent mosquitoes from biting student learners for up to five years.

As part of our program update, the DOH – RO7 will conduct *Orientation on the Installation of Long Lasting Insecticide Treated Curtain Nets for DEPED Health and Nutrition Staff for Province of Bohol* on 16 to 17 August 2018 in a hotel venue in Tagbilaran City. This is to provide technical and procedural guidelines on the correct and proper installation of LLINs at the school level as well as the updates on the National Dengue Prevention and Control Program.

- |  |   |                            |
|--|---|----------------------------|
| 1. Schools Division of Bohol Province  | - | 35 pax ( <i>Live-in</i> )  |
| 2. Schools Division of Tagbilaran City | - | 10 pax ( <i>Live-out</i> ) |

Venue and food will be assumed by our office. Transportation expenses and per diems will be borne by sending agency. Activity starts at 1:00 pm on 16 August 2018 and lunch will be served. Further, may we request for the updated inventory of the LLINs installed to schools for the last 2 years. For inquiries, please contact Ms. Ma. Michelle P. Acosta, Senior Health Program Officer, National Dengue Prevention and Control Program through tel. nos.: (032) 254-4387/ 0923-1416757.

We are optimistic in eliminating this vector-borne disease as public health threat through our concerted effort.

Very truly yours,

  
**Jaime S. Bernadas, M.D., MGM, CESO III**  
Director IV
