Sir/Madam:

Adolescence is a pivotal time in the life of a child. It is critical point at which investment in them can forth social, economic and political benefits for the whole society. Doing so is strategically important as well as well for the achievement of the sustainable development goals which primarily address the issue to ensure healthy lives and promote well-being for all ages, particularly ensuring universal access to sexual and reproductive health into national strategies and programs. Because adolescents make up one third of the total Philippine population, the importance and benefits of engaging adolescents themselves in aspects of their lives such as education, employment opportunities and health is only gradually being acknowledged. In this context, DOH-Regional Office VII will conduct an Orientation on Healthy Young Ones Fliptarp on September 18-21, 2018 at Panda Tea suites, Tagbilaran City.

Relative to this, we would like to ask permission from your office that we will be conducting a 2-hour orientation as part of the practicum to 30 student leaders in any school under your jurisdiction on September 21, 2018 at eight o'clock in the morning. For inquiries please contact Ms. Josiane T. Pepito, Nurse IV, RH/FP/ARH coordinator of the PHO at mobile no. 09420202267. Hoping for your favorable response.

Thank you and more power.

Respectfully yours,
