26 November 2018

Dr. Virginia Zapanta , EdD., CESO V
 Schools Division Superintendent
 Department of Education – Tagbilaran City Division
 Tagbilaran City, Bohol

Dear Dr. Zapanta:

Greetings!

The Philippines has registered the fastest-growing HIV/AIDS epidemic in the Asia Pacific region in the past seven years. This is fueled by different challenges such as stigma and discrimination, gender inequality, misconceptions, and diverse structural, political, and cultural factors. This presents a reality and calls for a more comprehensive and integrated response to the HIV epidemic through multi-sectoral and multi-level participation.

Hence, in commemoration of the World AIDS Day, the Provincial HIV Program together with its partners will be conducting a **Press Conference** on 01 December 2018 (Saturday) 10:00AM to 12:00 NN at Panda Tea Garden Suites, Tagbilaran City.

The activity aims to:

- Provide update on the status of the HIV epidemic from the country down to the provincial level;
- Present the different program accomplishments and plans;
- Discuss HIV Media Guide - information for journalists; and
- Normalize HIV testing through Public HIV Testing of key personalities in the Province.

With this, we would like to invite two (2) representatives per public High School student publication to join us in this undertaking. We have also invited press from other media outlets and other school publications.

Media briefing kit will be available upon on-site registration.

We are looking forward to your positive response. For more information, please contact the Provincial Coordinator Mrs. Milagros B. Israel at 0923-740-0051.

Very truly yours,

REYMOSES A. CABAGNOT, MD, MPH
