

My warmest greetings and congratulations to the completers and graduates of School Year 2018-2019.

Graduation and moving-up ceremonies mark another successful year in the academic lives of the learners. That, after a year of hardwork, perseverance and sacrifices in learning and discovering the essence and significance of various academic disciplines they now harvest the fruits of their labors.

To the teachers, education leaders, personnel and community stakeholders who have collaborated and partnered for the holistic development of the learners, indeed, we have advanced another milestone in the quest for quality, accessible, relevant and liberating basic education.

This year's theme, "Unity in Diversity: Quality Education for All" reflects our ideal as people though diverse in culture and creed but able to reach unity towards developing more productive citizens in the future through the youth of today.

The DepEd – City Schools Division of Tagbilaran City has been committed to continuously live up to the demands of the 21st century teaching to better equip the teachers with the skills, knowledge and attitude to holistically develop the 21st century learners and to prepare them to face the challenges as they step up onto the next academic ladder.

To the graduates and completers, your graduation and completion mark another chapter of your academic journey. Rest assured that under the K to 12 curricular program, you will be empowered to pursue the field you are most interested in.

Once again, congratulations!
