COMPANY PROFILE

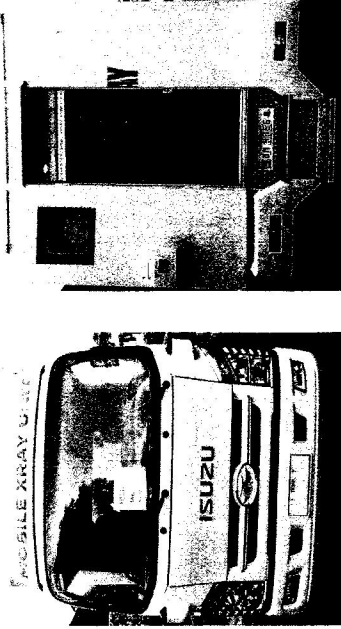

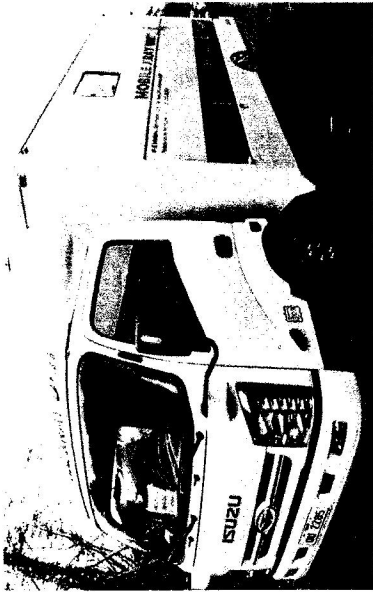

Saint John Accu Med Laboratory and Diagnostic Center is a secondary clinical laboratory. It was established last January 2016 in Mandaue City, Cebu. It is duly licensed by the Department of Health (DOH) and other government licensing bodies.

Saint John Accu Med Laboratory and Diagnostic Center served almost 200 different companies, more than ten thousand (10,000) employees and individuals (walk-in and onsite) during their annual physical and pre-employment examinations.

We cater mobile laboratory and x-ray services with our mobile x-ray van in which the main objective is to provide convenient quality healthcare and services to the companies and their workers, without hampering operations or production.

Dedication and hard work led us to these companies from nearby towns and cities in Cebu. Our mobile service is known to be of quality service at a reasonable price.

Because We Care

OUR MISSION

To provide healthcare solutions that empower clients and clinicians with convenient, affordable and timely access to accurate results and medical services.

VISION:

We aim to be the premiere choice and the most trusted healthcare provider by adopting updated, comprehensive, quality medical and diagnostic services for our clients.

OBJECTIVES:

- Providing utmost quality customer service that consistently exceeds our clients' expectations.
- Continuously improving our performance by implementing the latest technology and advancing knowledge in our practice to produce precise results to guide our clinicians in their decision making.
- Proficiency in utilizing clinical data to prioritize problems and formulate differential diagnosis.

"where patients' comes first"
