12 August 2019

Dr. Salustiano T. Jimenez
Officer-in-Charge
Department of Education- Central Visayas Office

Dear Dr. Jimenez:

As part of its continuing pursuit to promote and enhance the level of mathematics research and teaching in the region, MSP Cebu will hold its *2019 MSP Cebu Research Congress and Convention* on 14-15 November 2019 at Bayfront Hotel, Kaohsiung Street, North Reclamation Area, Cebu City with the theme "*Widening the Scope of Research Collaboration*".

The research congress and convention mainly aims to contribute to the development of pure and applied mathematics as well as mathematics education by bringing together mathematics researchers and educators from all over Central Visayas Region and some other parts of the country. Through this gathering, researchers will become updated with the new trends of research in mathematics and mathematics education leading to quality research and production of publication. This year's research congress and convention will also convene math teachers and researchers in Central Visayas to organize a possible regional MSP chapter.

We have invited experts in the different fields of mathematics to be our plenary speakers and there will be parallel sessions to serve as avenue for researchers in pure math, applied math, and math education for presentation of their works.

We have invited the following experts in Mathematics to give plenary talks: Dr. Emmanuel Cabral (President, Mathematical Society of the Philippines), Dr. Polly W. Sy (Professor Emeritus, Institute of Mathematics, University of the Philippines Diliman), Dr. Ma. Louise Antonette N. De Las Peñas (Department of Mathematics, Ateneo de Manila University), Dr. Jomar F. Rebajante (Institute of Mathematical Sciences and Physics, University of the Philippines Los Banos) and Dr. Mardy Dizon Verano (Executive Director, Edustudio Learning Review and Training, Cebu City).

We have been very fortunate to have **DepEd Region 7** endorse all our past conventions, seminars, workshops, and conferences. In this regard, may we once again ask for your endorsement for the said activity. Attached herewith are the official announcement and call for papers, list of confirmed speakers with their educational qualifications, brief background of the talks and the Certificate of Registration of MSP in Security and Exchange Commission (SEC).

We hope for a favorable response to this request. Thank you very much for your kind attention.

Respectfully yours,

Roberto D. Corcino, PhD

President, Mathematical Society of the Philippines (Cebu Chapter)
Professor, Cebu Normal University
