Dear **Dr. Jimenez:**

Global School Leaders (GSL) is an international non-profit organization focused on improving student learning outcomes in under-resourced schools across low and middle-income countries through innovative, on-the-job training programs for School Leaders. GSL brings nearly a decade of experience in designing and delivering school leadership training in developing countries. You can read more about GSL's work via their website <https://www.globalschoolleaders.org/>.

GSL is initiating the Covid-19 survey in partnership with **Ramon Aboitiz Foundation, Incorporated**. As our valued education partner, we would like to partner with your office in **inviting School Heads and Teachers to participate in the GSL Covid19 Survey 2021**.

The aim of our school leader survey is to understand the challenges, concerns, and the way forward for school leaders from the Covid-19 pandemic. As the impact of Covid19 continues, we strongly feel that it is important to reach out to school leaders to understand their general concerns as well as specific challenges related to school reopening and mental health of school leaders, teachers, and students. The survey is available in English, Bahasa Indonesia, Bahasa Malaysia, Portuguese, and Spanish and the survey link is <https://bit.ly/3qxSBK2>.

Attached is a flyer that can be shared along with this link. The survey will be open until Friday, 16 July 2021 and we will be sharing the preliminary results with you by the first week of August.

Please feel free to reach out the undersigned at richard.delosreyes@rafi.ph or with GSL Director of Research, **Gautam Anand** thru this email gautam@globalschoolleaders.org with any questions you may have about the survey.

This could be the beginning of this promising tripartite partnership-- Global School Leaders (GSL), DepEd Region VII and Ramon Aboitiz Foundation, Inc. (RAFI).

Thank you very much and we hope for your most favorable and immediate response. We hope to continue partnering with you in touching lives and shaping the future of our country through Education Development.

Your partner in learning and growth,
