Greetings!

We are ATRIEV, a non-government organization dedicated to providing training and services for persons with disabilities and those who work with them. We are reaching out to invite you to enroll in our CPD-accredited training program, Inclusive Online Design Training on Document Accessibility.

Details:

- ◆ **PRC Accreditation No.:** PTR-2022-383
- ◆ **Program Title:** Inclusive Online Design Training on Document Accessibility
- ◆ **Program Accreditation No.:** PROG-2023-55204
- ◆ **Target Participants:** Licensed Professional Teachers (LPT)
- ◆ **Venue:** Online via Microsoft (MS) Teams
- ◆ **Dates:** May 6-7, 2023
- ◆ **CPD Units:** 10
- ◆ **Registration fee:** Php 500.00
- ◆ **Deadline for Payment:** April 30, 2023

The program aims to train educators with the tools and skills in designing, creating, and producing digital documents that are accessible to learners with different disabilities. By joining the program, you will:

- ◆ increase your awareness and practice as a teacher towards compliance with disability-related principles and policies.
- ◆ be equipped with different methods in creating accessible electronic learning materials for persons with disability towards an inclusive learning environment.
- ◆ gain knowledge and skills necessary to develop your curriculum and advance your career as an educator.

To register for the training program, click on the link provided: bit.ly/ATRIEV_InclusiveDesign2023.

For program validation, please visit: <https://cpdas.prc.gov.ph/public/main-page.aspx>

We also encourage you to create your CPD account through the above-mentioned CPDAS link to keep track of your CPD points.

To help you assess the program, we've also attached a copy of the training program, as well as a brochure that provides more information about our organization and the services we offer. We highly encourage you to consider joining our CPD accredited program and to share this information with your colleagues who might also be interested. Should you have any further inquiries, please do not hesitate to contact us.

Don't miss this opportunity to enhance your skills and contribute to the advancement of education in our society. Sign up now and join us in this exciting program!

Kind regards,
Maricris Balcueva
Communications Officer/ Program Support Assistant

Joane Lorica-Damaso:

Teacher, Store owner, Masseuse,
Mother and Totally Blind

"ATRIEV showed me how life is meaningful despite the challenges we have. After several trainings I have attended I could say that I am now ready to face the world with full of confidence, competence and skills."
— Joane Lorica-Damaso, Blind from Albay

The computer skills she learned from ATRIEV in 2007, equipped her with the skills to complete her college course in B.S. Education. However, rather than pursuing her teaching career, she chose to work as a masseuse because it provides a more consistent income. During that time, her massage earnings were sufficient to support not only her family, but also her master's degree.

But this was all prior to the pandemic.

The once stable career was lost at an instant. Blind masseuses were the most affected by the pandemic, due to physical restrictions.

Fortunately, even in the midst of the pandemic, ATRIEV was still able to offer its training programs online. Joane, and hundreds of blind masseuses, learned to use their smartphones with assistive technology to start their own business and sell their products and services online. ATRIEV, through its partners, also provided financial capital assistance to help them jump start their business. Through ATRIEV's Digital Business Basics training, persons with disabilities found ways to earn and helped them tide over the pandemic.

Joane's story is just one of many ATRIEV beneficiaries' success stories. ATRIEV is an I.T. Center for the Blind that teaches both persons with disabilities and those who work for or with people with disabilities how to use technology to advance their education, careers, and businesses. It is the first NGO focused on assistive technology, and its training programs have benefited hundreds of thousands of people in the Philippines, both with and without disabilities.

Help us help more visually-impaired people reach their dreams by sharing your time, talent and treasure with us. We would like to hear from you. You can reach us at:

Blindness poses an insurmountable barrier when it comes to independent mobility, communication and other activities of daily living. But these barriers were overcome by the people from ...

ATRIEV

I.T. Center for the Blind

"Creating Vision Beyond Sight"

Using the same computer that you use, but with a software that translates computer visuals to speech, ATRIEV has provided I.T. training to hundreds of persons with visual impairment and with other disabilities to help them adapt in schools and find jobs.

Training for Persons with Disabilities

- ✓ For beginners in technology, we have PC Operations and Android Accessibility that introduces participants to the use of these devices.
- ✓ Teaches Youth with Disabilities on how to use online tools:
 - Use of Google Workspace for school or for work
 - Use of online Microsoft 365 for school or for work
 - Conversion of inaccessible documents and other content into accessible format
- ✓ For learners with disabilities under the age of 13, they can learn how to use assistive technology with the help of their parent or guardian by enrolling in our Parent-Child Team Learning.

- ✓ For those who want to engage in business, the Digital Business Basics training teaches business start-ups to the use of technology up to sales and marketing online and offline.

- ✓ For our job-related trainings, we have skills development as virtual assistants, transcriptionists, content creators, and web designers.

Training of Workers for Persons with Disability

- ✓ Teachers, community-based rehab workers, social workers, etc. can create a more inclusive environment for persons with disabilities through:
 - Inclusive Design Training – teaches how to make online and offline content accessible
 - How to Conduct Accessible Online Training – teaches how to make online facilitation accessible
 - Video Creation Training – how to create accessible videos including captioning and audio description
- ✓ For those interested in online tools, we have Google Workspace, and Microsoft 365.
- ✓ For our ICT-related trainings, we have basic ICT for both Android and Windows. We also provide basic Excel and PowerPoint training.

Services

- ✓ Disability Sensitivity Training - Provides basic do's and don'ts in interacting with persons with disabilities
- ✓ Web Accessibility Audit - Team of ATRIEV accessibility experts will check your website for errors and recommend solutions.
