Fundamentals of Data Management and Reporting using Spreadsheet Training Workshop - May 10 to 12, 2023 (via ZOOM)

Spreadsheet or MS Excel in particular is one of the most underrated software available on our computers. Learn how powerful spreadsheet is, by attending our upcoming workshop.

Master the use of Spreadsheet (MS Excel). The spreadsheet has been an essential tool across the academe, public and private sector. However, many are not using this tool effectively. In this training course, participants will learn how to efficiently manage and present their data. Spreadsheets are not being used solely for accounting and finance. It has too many capabilities such as data analysis and reporting.

Everyone in an organization uses Spreadsheet. Allow us (STRATONE), to train you on how to use Spreadsheet effectively.

Objectives:

Analyse relationships across information and data

- Organise your company's data in a more structured manner
- Report your data effectively using various techniques
- Select the appropriate chart for your data
- Learn how to create Pivot table

Note: To access the course outline, description, and program of activities, send us an email.

The registration fee of **PHP3100.00** includes, **12% VAT**, digital handouts, datasets, digital certificates (of participation, completion, and attendance), recording of the webinar, and the learning experience. **OFFICIAL RECEIPTS** will be provided upon payment. **STRATONE is now a VAT company.**
