Dear SALUSTIANO T. JIMENEZ  
REGIONAL DIRECTOR

Greetings from Access Direct Visa and Travel Services!

Over the years, our company has been sending international students to Canada and the results were tremendous. These students were able to achieve Canadian experience through education and employment and are now fulfilling their dreams of becoming a Permanent Residency. Some of these students returned to the Philippines with an edge among other local graduates in terms of employment, showcasing their capabilities, knowledge and skills acquired in Canada.

With that being said, we would like to know if we could be given time to do a career talk to your graduating students. We will share with them, especially those who want to further their studies internationally and be able to work at the same time in Canada. This might not be their priority once they graduate, but at least we will be able to share valuable information to them, that there is this kind of opportunity for them in the future.

Also, we would like to ask for an appointment to discuss the student's opportunity to explore Asia and do their internships abroad- Malaysia, Thailand and Vietnam. This is an edge to your students to gain international experience as part of their curriculum. If you would like to know more about this program, please let us know your availability.

Please let us know if there's anything that you want to require from us to get approval. You may email [fritzalfonsus@accessdirect.ph](mailto:fritzalfonsus@accessdirect.ph) should you need clarifications.

Thank you very much and more power.
