DIVISION MEMORANDUM

May 11, 2023

No. 172, s. 2023

**DISSEMINATION OF OUOPS MEMORANDUM TITLED “INFORMATION
DISSEMINATION AND REPORTING OF PREPAREDNESS AND RESPONSE
MEASURES FOR EL NIÑO”**

To: **ALL PUBLIC AND PRIVATE
ELEMENTARY AND SECONDARY SCHOOL HEADS
ALL SCHOOL DRRM COORDINATORS
ALL OTHERS CONCERNED**

1. Enclosed is a copy of OUOPS Memo No. 2023-04-4305 titled “Information Dissemination and Reporting of Preparedness and Response Measures for El Niño” for immediate dissemination and appropriate action.
2. Furthermore, all Schools shall report the preparedness and response actions being undertaken in their Area of Responsibility (AOR) to Division DRRM Coordinator (excel form) for consolidation on or before May 18, 2023.
3. For more information, you may contact Junicel T. Mancha through his mobile number 09297895319
4. For your information, immediate and wide dissemination to all concerned.

REGIONAL MEMORANDUM

No. **0283**, s. 2023

**DISSEMINATION OF OUOPS MEMORANDUM TITLED "INFORMATION
DISSEMINATION AND REPORTING OF PREPAREDNESS AND RESPONSE MEASURES
FOR EL NIÑO"**

To: Schools Division Superintendents
Public and Private Elementary and Secondary School Heads
All Others Concerned

1. Enclosed is a copy of OUOPS Memo No. 2023-04-4305 titled "**Information Dissemination and Reporting of Preparedness and Response Measures for El Niño**" for immediate dissemination and appropriate action.
2. Furthermore, all Division Offices shall report the preparedness and response actions being undertaken in their Area of Responsibility (AOR) to Regional DRRM Coordinator (excel form) for consolidation and submission to DRRMS through his email address ranilo.edar@deped.gov.ph on or before May 18, 2023.
3. For more information, you may contact Mr. Ranilo L. Edar through his mobile phone no. 09171566073.
4. Immediate and wide dissemination of this Memorandum to all concerned is desired.

OUOPS No. 2023-04-4305

MEMORANDUM

TO : **ALL REGIONAL DIRECTORS
ALL SCHOOLS DIVISION SUPERINTENDENTS
ALL PUBLIC AND PRIVATE SCHOOL HEADS
ALL OTHERS CONCERNED**

FROM : *[Signature]*
Atty. REVSEE A. ESCOBEDO
Undersecretary for Operations

SUBJECT : **Information Dissemination and Reporting of Preparedness
and Response Measures for *El Niño***

DATE : May 03, 2023

In relation to OASOPS Memorandum No. 2023-077, *Reiteration of the Implementation of Modular Distance Learning as Provided in DepEd Order No. 37, s. 2022*, the Department of Science and Technology Philippine Atmospheric, Geophysical and Astronomical Services Administration (DOST-PAGASA) Adoption of the PAGASA *El Niño-Southern Oscillation Alert and Warning System*, and the latest PAGASA update issued on 23 March 2023 stating:

*"Based on recent conditions and model forecasts, El Niño will likely develop in Jul-Aug-Sept (JAS) 2023 season and may persist until 2024. With this development, the PAGASA ENSO Alert and Warning System is now raised to **El Niño Watch**.*

*El Niño (warm phase of ENSO) is characterized by unusually warmer than average sea surface temperatures (SSTs) in the central and eastern equatorial Pacific (CEEP). When conditions are favorable for the development of El Niño within the next six months and the probability is 55% or more, an **El Niño Watch** is issued.*

El Niño increases the likelihood of below-normal rainfall conditions, which could bring negative impacts (such as dry spells and droughts) in some areas of the country. However, over the western part of the country, above-normal rainfall

conditions during the Southwest monsoon season (Habagat) may also be expected.”

In order to protect the safety and security of our learners and personnel, the Office of the Undersecretary for Operations instructs the Regional and Schools Division Offices, and Public and Private Schools to undertake the following measures:

1. Monitoring and regular dissemination of PAGASA Heat Index and Weather Forecasts, accessible through:
 - a. <https://www.pagasa.dost.gov.ph/climate/climate-heat-index>
 - b. <https://www.pagasa.dost.gov.ph/weather#daily-weather-forecast>
2. Dissemination of any available IEC materials on preparedness measures for El Niño; Refer to the attached IEC materials from DOST and DOH. These IEC Materials shall also be provided to the Regional DRRM Coordinators;
3. Reporting of preparedness and response measures implemented to reduce the negative impact of high heat frequencies due to extreme climate conditions.

All Regional DRRM Coordinators shall report the consolidated preparedness and response actions being undertaken in their Area of Responsibility to the Disaster Risk Reduction and Management Service through drmo@deped.gov.ph on or before **May 19, 2023**.

For your information and appropriate action.

PRESS STATEMENT

DOST-PAGASA S & T Media Service
Quezon City
02 May 2023

EL NIÑO ALERT

PAGASA has been continuously monitoring the developing El Niño conditions in the tropical Pacific. Recent conditions and model forecasts indicate that El Niño may emerge in the coming season (June-July-August) at 80% probability and may persist until the first quarter of 2024. With this development, the PAGASA El Niño Southern Oscillation (ENSO) Alert and Warning System is now raised to **EL NIÑO ALERT**.

El Niño (warm phase of ENSO) is characterized by unusually warmer than average sea surface temperatures (SSTs) at the central and eastern equatorial Pacific (CEEP). When conditions are favorable for the development of El Niño within the next two months at a probability of 70% or more, an El Niño **ALERT** is issued.

El Niño increases the likelihood of below-normal rainfall conditions, which could have negative impacts (such as dry spells and droughts) in some areas of the country. However, over the western part of the country, above-normal rainfall conditions during the Southwest Monsoon season (Habagat) may also be expected.

PAGASA will continue to closely monitor the development of this ENSO phenomenon. All concerned government agencies and the general public are encouraged to keep on monitoring and take precautionary measures against the impending impacts of El Niño.

For more information, please call the Climate Monitoring and Prediction Section (CLIMPS), Climatology and Agrometeorology Division (CAD) at the telephone number (02) 8284-0800 local 4920 or 4921 or through email: pagasa.climps@gmail.com.

EL NIÑO ALERT

PAGASA has been continuously monitoring the developing El Niño conditions in the tropical Pacific. Recent conditions and model forecasts indicate that El Niño may emerge in the coming season (June-July-August) at 80% probability and may persist until the first quarter of 2024.

TIPS ON WHAT TO DO

STAY UPDATED on climate advisories.

CONSERVE water.

FIX OR REPORT water leaks.

COOPERATE on local El Niño measures.

⚠ PUBLIC HEALTH ADVISORY: EL NIÑO

Paano tayo makakaiwas sa mga sakit na maaaring idulot ng El Niño?

Siguraduhing malinis ang pinagkukuhaan ng supply ng tubig.

Huwag magbilad sa ilalim ng araw; gumamit ng sunblock/sunscreen kung hindi maiwasang lumabas ng bahay.

Magtipid at gamitin ang tubig sa wastong pamamaraan.

Magsuot ng mga damit na manipis o may komportableng tela.

Huwag kalimutang uminom ng sapat na tubig at manatiling well-hydrated.

Iwasan ang mga aktibidad sa labas ng bahay sa oras na tirik na tirik pa ang araw.

Para sa mga karagdagang impormasyon narito ang mga numero ng DOH-Health Emergency Management Bureau (HEMB)

 PUBLIC HEALTH ADVISORY: EL NIÑO

Ang El Niño ay isang *weather phenomenon* na nagpapamalas ng klimatikong kondisyon na matinding init ng temperatura.

Pinapataas nito ang posibilidad ng madalang na pag-ulan, na maaaring magdulot ng mga negatibong epekto tulad na lang ng tagtuyot at pagtaas ng kaso sakit dulot ng matinding tag-init.

DOHgovph

PUBLIC HEALTH ADVISORY: EL NIÑO

EL NIÑO WARNING!

Inaasahan ng (PAGASA) ang malaking tiyansa na pagtama ng El Niño sa bansa gitnang buwan ng Hulyo-Setyembre. Kasabay nito ang pagsulpot ng mga karamdaman bunsod ng matinding init at biglaang pagpapalit ng panahon.

Narito ang ilan sa mga impormasyong dapat nating malaman mula sa DOH na kritikal ang bahagi upang tayo ay mapanatiling malusog at ligtas sa bantang dulot ng El Niño.
