Reaffirming the Critical Role of Transformative Research and Knowledge Production in the Age of Post-Truth

Date : **April 11, 2023**

To : **School Heads
Research Coordinators and Mentors**

From : **The 5th DLSU SHS Research Congress Committee**
De La Salle University Manila
2401 Taft Avenue, Manila, Philippines, 1004

Re : **5th De La Salle University Senior High School (DLSU SHS) Research Congress**

Greetings in St. La Salle!

We are pleased to invite you to the **5th DLSU SHS Research Congress** to be held **virtually** on **June 27-28, 2023**, with the theme: *Reaffirming the Critical Role of Transformative Research and Knowledge Production in the Age of Post-Truth*. **This year's Congress is open to all interested students and faculty free of charge!**

The DLSU SHS Research Congress is the largest annual gathering of senior high school research mentors and students in the country. This Congress is a venue for research-based ideas, business concepts and products, and art performances and exhibitions from the capstone projects of senior high school students. DLSU SHS believes that in a volatile, uncertain, complex, and ambiguous (VUCA) world, commitment to research will empower the youth to be knowledge-seekers, truth-tellers, and agents of change. To uphold the University's vision-mission of bridging faith and scholarship amidst disruptive situations, the Congress highlights the essential role of nurturing a culture of research through the production and dissemination of innovative knowledge for continuous human development and social transformation.

The new attitude and mindset of VUCA 2.0 (vision, understanding, courage, and adaptability) inspired this year's Congress to move beyond. The 5th DLSU SHS Research Congress proactively responds with our continuous advocacy against disinformation, misinformation, and malinformation, as well as our critical discernment towards the rise and conflict of Artificial Intelligence in assisting learning. The Congress believes in the power of transformative research to facilitate the rediscovery of shared truths and renegotiate existing norms, beliefs, and values toward a more sustainable society. Through this Congress, young scholars, artists, and entrepreneurs are challenged to feature scientific and artistic research projects that showcase their commitment to providing convergent truths that withstand the challenges posed by the VUCA influences today and in the future.

We are excited to have your school participate in the Congress. For further details, you may refer to the [5th DLSU SHS Research Congress Primer](#) and register your participants through this [Registration Form](#).
