DIVISION MEMORANDUM

No. **187**, s. 2023

May 19, 2023

ADVISORY ON THE PREVENTION OF DISEASE DURING THE 2023 EL NIÑO CYCLE

To: CID/SGOD Chiefs
Division Health Personnel
Public and Private Elementary and Secondary School Heads
All Others Concerned

1. This Office through the School Governance Operations Division School Health and Nutrition Section, disseminates the attached Regional Memorandum No. 0297 s. 2023 entitled “ **Advisory on the Prevention of Disease During the 2023 El Niño Cycle**” for your information and guidance.
2. To help lessen the impact of El Nino and reduce potential disease outbreak that may affect learners and personnel, this office hereby instructs all schools to strengthen the promotion of hygiene and sanitation practices among the learners and ensure that schools are kept clean and safe through school-based solid waste management, proper drainage, elimination of breeding grounds for mosquitoes to prevent vector-borne diseases.
3. Other details relative to this concern are stipulated in the attached Memorandum.
4. Immediate and wide dissemination of this Memorandum is desired.

REGIONAL MEMORANDUM
No. **0297**, s. 2023

**ADVISORY ON THE PREVENTION OF DISEASE
DURING THE 2023 EL NIÑO CYCLE**

To: Schools Division Superintendents
Assistant Schools Division Superintendents
School Health and Nutrition Personnel
All Others Concerned

1. This Office disseminates the attached Memorandum from the Bureau of Learner Support Services Division-Office of the Director titled, "*Advisory on the Prevention of Disease During the 2023 El Niño Cycle*", for the information and guidance of all concerned.
2. School officials are instructed to take the lead in protecting learners, teachers, and non-teaching personnel from the threats to health by:
 - a. Ensuring the availability of clean and potable water within school premises, effectively implementing hygiene and sanitation practices including proper handwashing on a regular basis, and eliminating breeding places for dengue-carrying mosquitoes within school premises as mandated under WinS Program;
 - b. Instructing teachers and other school personnel to observe students, especially those with co-morbidities and other health problems, to watch for signs and symptoms of disease or heat-related health conditions to ensure they are given first aid treatment in a timely manner and referred to a health care provider for proper diagnosis and treatment; and
 - c. Instructing school health personnel to communicate to the school populace the importance of good health practices, vaccination, and the contents of this Advisory to prevent disease and other health conditions with the expected onset of the El Niño weather cycle.
3. Immediate dissemination of this Memorandum is desired.

MEMORANDUM

FOR : **Atty. REVSEE A. ESCOBEDO**
Undersecretary for Operations

FROM : **NENNETH ESPLANA-ALAMA, PhD.**
Director

SUBJECT : **ADVISORY ON THE PREVENTION OF DISEASE DURING
THE 2023 EL NIÑO CYCLE**

DATE : **April 27, 2023**

This Office respectfully submits the attached advisory on the Prevention of Disease During the 2023 El Niño Cycle.

The said advisory is intended for dissemination to DepEd field offices.

For approval of the Undersecretary.

Department of Education
BUREAU OF LEARNER SUPPORT SERVICES

Office of the Director

**ADVISORY ON THE PREVENTION OF DISEASE DURING
THE 2023 EL NIÑO CYCLE**
April 27, 2023

1. Authorities have declared the strong possibility of El Niño developing from July to September 2023 and persisting into the first quarter of 2024. This weather phenomenon is characterized by extreme climatic conditions, that is – extreme temperature rise with a little rainfall and, at the opposite end, unusually heavy rainfall.
2. Scientists have established the strong link between El Niño and disease outbreaks in a study of the severe El Niño event of 2015-2016, which generated excess rainfall and flooding, drought, and temperature extremes that created ecological conditions potentially favoring disease transmission in affected regions worldwide.
3. The Department of Health (DOH) has noted the health problems engendered by this weather cycle, including diseases related to water scarcity or shortage such as diarrhea and skin diseases, paralytic shellfish poisoning due to Red Tide Blooms, disorders associated with high temperatures such as heat cramps, heat exhaustion, heat stroke, and heat-associated diseases such as sore eyes and measles.
4. In light of the above, the Department of Education (DepEd) reiterates the DOH advisory in favor of: (a) conserving water and using it wisely, (b) protecting water sources from contamination, (c) staying hydrated by drinking eight glasses of water a day, (d) listening to updates on the shellfish ban, (e) wearing light clothing, (f) taking a bath every day to cool the body and prevent rashes and skin infections, (g) storing enough water in clean and covered containers, (h) reducing breeding sites of mosquitoes, (i) avoiding strenuous physical activity, (j) switching off lights and other appliances when not in use, (k) using sunblock or sunscreen when going out, and (l) seeking medical attention if experiencing symptoms of a disease.
5. Furthermore, the DOH strongly enumerates the following: (a) avoiding strenuous physical activities, (b) not drinking from doubtful water sources, (c) not staying under the sun without proper protection, especially from 10 a.m. to 4 p.m., (d) avoiding self-medication, and (e) avoiding drinking too much coffee and alcoholic beverages.
6. School officials are instructed to take the lead in protecting learners, teachers, and non-teaching personnel from the above threats to health by:

SHD APQ/04272023

Room 305, 3F Mabini Bldg., DepEd Complex, Meralco Avenue, Pasig City
