DIVISION MEMORANDUM

No. **292**, s. 2023

**MOBILE EDUCATIONAL EVENT ON CLIMATE CHANGE**

To: Chiefs, CID and SGOD  
Elementary and Secondary School Heads  
Teaching and Non-Teaching Personnel  
All Others Concerned

1. This Office hereby disseminates the Regional Advisory No. 0184, s. 2023 dated July 18, 2023, titled "**MOBILE EDUCATIONAL EVENT ON CLIMATE CHANGE**" inviting all public schools in this Division to offer and conduct voluntary and non-compulsory activity for the Academic Year 2023-2024.
2. Please see attached communication for more details.
3. Participation of interested personnel to this activity is subject to the provisions of DECS Order No. 28, s. 2001 titled "**Prohibiting the Commercialization of DECS organization through Endorsements and Accreditation of Goods and Services**", and DepEd Order No. 9, s. 2005 titled "**Instituting Measures to Increase Engaged Time-On-Task**" and all other existing DepEd policies, regulations, and ensuring compliance therewith.
4. Please refer to the attached communication for more details.
5. Immediate dissemination of this Memorandum is desired.

### MOBILE EDUCATIONAL EVENT ON CLIMATE CHANGE

1. This Office is hereby disseminating the communication received from **pivot edutech** re: Mobile Educational Event on Climate Change to offer and conduct voluntary and non-compulsory activity in all the public and private schools in our region for the Academic Year 2023-2024.
2. Participation shall be subject to the discretion of School's Division Superintendent and to the no-disruption of classes policy stipulated in DepEd Order No. 9, s. 2005 titled "Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith."
2. The communication is attached for further reference.
3. For the information of all interested and concerned parties.

**DR. SALUSTIANO T. JIMENEZ**  
Regional Director  
DepEd Region VII

**SUBJECT: REQUEST FOR AN ADVISORY FOR A MOBILE  
EDUCATIONAL EVENT ON CLIMATE CHANGE**

Dear Dr. Jimenez:

Experience has always been an effective way in instilling learning to even the youngest minds. Given the highly advanced technology that we are currently enjoying, we now have the opportunity to develop and integrate new ways of teaching that are equally fun and educational for the students.

With this, Pivot Edutech Solutions Inc. would like to introduce our **Climate Change Program**. This program is designed to offer the participants a one-of-a-kind learning experience regarding climate change with the help of some of the most advanced technology of our time. This program also aims to educate and engage the students to participate in our battle against this phenomenon.

Our Climate Change Program includes 3 different activities:

**a. Digital Dome Theater**

Title: *Climate Change: What Future Are We Facing?*

**b. 3D Film Showing**

*Forest Hero Koni Under the Sea 3D*

**c. Interactive Exhibit**

Renewable Sources of Energy, AR Exhibit, VR Exhibit, and others

Given the nature of our business, we recognize that we are bound by all of the memoranda and laws that are issued and implemented by the Department of Education (DepEd). In this regard, we would like to discuss some of the memorandums and laws that are currently in place, and how we plan to work within the given boundaries and restrictions.

In line with DepEd Memorandum No. 47, s. 2017 which is entitled Moratorium on DepEd educational field trips and activities outside of the school premises, we at Pivot Edutech Solutions Inc. commits to offering fun and educational activities right in the comforts of the school grounds to ensure the security and safety of all the students.

With regard to the "Time on Task" Policy and the "180 days teaching and learning guidelines", we will be working closely with the Science Department of the school/s to make sure that our activities, which are all science-related, will only take up the time for their science period. Thus, ensuring that there will be no disruption of classes.

In compliance with the current health protocols and measures implemented, we will be placing sanitation areas in every station so students can sanitize before and after every activity. We will also be placing an air filter with high-efficiency particulate air (HEPA) filter to clean recirculated air inside the digital dome theater. "No Mask, No Entry" policy will also be strictly implemented for the whole duration of the event. The activity areas will also be sanitized after every batch.

It is in this regard that we would like to **request for an advisory** from your good office to offer and conduct this voluntary and non-compulsory activity in all the public and private schools in your region for the **Academic Year 2023-2024**.

We will be looking forward to your positive response regarding this matter.

Thank you and more power.

Respectfully yours,

**CHERRYMAE STA. ANA**  
**Marketing Coordinator**  
**0917-681-3095**

## Who Are We?

Pivot Edutainment is an innovative company that offers different mobile educational events in schools nationwide. For the past years, we have catered around 600 schools, both private and public, all over the Philippines. Backed with our years of experience, we take pride in saying that we are one of the premier service providers of mobile educational events in the country.

## General Objectives

- To implement a fun, innovative and life-changing experience that will develop critical thinkers, lifelong learners, and adaptable individuals;
- To inspire the Filipino youth to pursue their interests in the field of science;
- To give the Filipino youth a fair chance to experience some of the most advanced technologies available.

*Here are some of our projects in the past years.*

## Duration of the Event

The whole event runs for approximately 1 hour and 30 minutes per batch, simultaneously, so as not to disrupt the ongoing classes of the students and teachers.

## Target date of Implementation

The school may choose the most comfortable date to hold the event. However, the school must confirm at least a month before their desired event schedule.

# EVENT ACTIVITIES

## Digital Dome Theater

Inside our digital dome theater, we will be featuring a 30-minute film entitled Climate Change: What Future Are We Facing in 360-degree format while one of our lecturers give an overview on what climate change really is. This discussion aims to give a basic understanding on the causes and effects of this pressing phenomenon so the viewer could also act and respond accordingly.

## 3D Film Showing

This activity aims to feature the negative effects of climate change to our ecosystem. We are offering two film options that would suit younger or older audience.

## Interactive Exhibit

In this activity, we will introduce other attractions such as our augmented reality boards, plasma ball, snow machine, and many others.
