Dear Dr. Jimenez:

On behalf of the Philippine Pedagogical Innovations and Transformation, we respectfully request an endorsement from your esteemed office for the First International Conference for Researchers (IconRes), scheduled to take place on May 17-19, 2024, at the Bayfront Hotel Capitol in Cebu City, Philippines.

IconRes aims to bring together senior high and college students, teachers, researchers from private and public schools, as well as scholars, practitioners, and industry experts from around the world to share their latest research findings, insights, and innovations in various fields. This inaugural conference will serve as a platform for intellectual exchange, collaboration, and networking, with a focus on Synergistic Solutions for Sustainability.

The conference program covers studies in Business, Humanities, Social Sciences, Natural and Applied Sciences. We believe that the research presentations will enrich students' knowledge and skills and inspire them to conduct research that addresses global challenges related to sustainability.

The conference will be conducted in a hybrid format, allowing both in-person and virtual participation to accommodate diverse preferences and travel constraints. Presenters will have the opportunity to engage with attendees through interactive sessions, panel discussions, and networking events.

Thank you, and we anticipate your valuable support for our conference.

Warm regards,

ROUEL A. LONGINOS, EdD, PhD
President/CEO

Welcome to IConRes 2024!

We welcome you to the Queen City of the South, Cebu City, Philippines and the 1st International Conference for Researchers (IConRes 2024), a Hybrid Multidisciplinary Research Conference.

Join us and expand your knowledge base, gain new perspectives, and contribute to the on-going conversations that are shaping the future. This conference offers a platform for networking, collaboration, and interdisciplinary learning, bringing together individuals from diverse backgrounds to share their expertise and experiences.

Discover how these advancements are transforming education, business, healthcare, and other industries. Learn about the latest research, trends, and best practices that are driving innovation and sustainability. Engage in thought-provoking discussions, and connect with like-minded individuals who share your passion for growth and exploration.

Whether you are an educator, a researcher, a technology enthusiast, a professional, or a student in any field, this conference offers something for everyone. Come prepared to learn, to challenge ideas, and to be inspired by the possibilities that lie ahead. Together, let's shape the future of learning, technology, and innovation.

Register now to secure your spot and be part of an unforgettable experience that promises to broaden your horizons and fuel your drive for innovation. We look forward to welcoming you to this enriching and ground-breaking conference.

Theme of IConRes 2024

"Synergistic Solutions for Sustainability"

The theme "Synergistic Solutions for Sustainability" for the 1st International Conference on Multidisciplinary Research (IConRes-2024) highlights the importance of finding collaborative and holistic approaches to address sustainability challenges. The conference recognizes that achieving sustainability requires the adoption of best practices, innovations, and technologies in various sectors, including academia.

Scheduled to take place on May 17 and 18, 2024, in Cebu City, Philippines, the conference aims to provide a platform for researchers, educators, and students to exchange knowledge, ideas, and insights on ground-breaking solutions. It seeks to facilitate the exploration of innovative approaches to bridge the gaps in emerging sectors and industries, as well as in educational institutions.

Through fostering collaboration and showcasing transformative ideas and practices, the conference intends to contribute to a more inclusive and equitable global educational landscape. It seeks to promote the understanding and implementation of sustainable practices in the academic community and across different sectors worldwide.

Objectives of the IConRes 2024

The first International Conference for Researchers (IConRes-2024) seeks to create an inclusive platform where leading researchers, practitioners, educators, and students can converge, fostering dialogue and facilitating knowledge exchange. By bringing together professionals from various fields, the conference aims to explore the dynamic interplay of technology, innovation, and education across industries and academia.

One of the primary objectives of IConRes -2024 is to catalyze innovative solutions and strategies that can revolutionize teaching methodologies and enhance learning experiences. By examining how technology and innovation can be leveraged in the field of education, the conference aims to identify new approaches and practices that can transform the way knowledge is imparted, acquired, and applied in different contexts.

Furthermore, IConRes -2024 endeavours to unravel emerging trends in multidisciplinary research. By sharing ground-breaking research, the conference aims to promote a culture of collaboration, encouraging professionals to work together on interdisciplinary projects that can address complex challenges and advance their respective fields.

The transformative potential of technology is a central theme at IConRes -2024. With the rapid advancement of digital tools, educational platforms, and virtual learning environments, the conference aims to explore how these technologies can be effectively harnessed to enhance education on a global scale. By leveraging technology in innovative ways, ICONRES-2024 seeks to empower educators, students, and institutions to create engaging, interactive, and inclusive learning experiences.

Scientific Sessions

Topics of Interest for Submission include, but are not limited to:

This is a fantastic forum for academics, researchers, students, inventors, scientists, and business professionals to discuss current research that is influencing a brand-new global civilization. This conference will establish a forum for the exchange of research, innovations, and best practices where helpful criticism and interaction with subject matter experts is anticipated. We welcome any entries that highlight original concepts, works in progress, or ideas that you believe could use expert advice. The participation of students, Institute members, and/or young researchers is encouraged.

Categories of Research Presentation

Research Presentations are grouped according to the following topics and divided into categories, professional and non-professional, and online and onsite, and oral and poster:

Business -Accounting, economics, finance, management, marketing

Humanities - Art, history, languages, literature, music, philosophy, religion, theatre

Natural and applied sciences - Biology, chemistry, computer science, engineering, geology, mathematics, physics, medicine

Social sciences - Anthropology, education, geography, law, political science, psychology, sociology

POSTER PRESENTATION GUIDELINES

Specifications for Poster Presentations

- The recommended poster size is 3 feet by 6.5 feet (36 inches by 78 inches).
- The **poster number** assigned to the poster must be placed in the upper left-hand corner of the display. A poster number will be provided and must be visible at all times.
- Presenters are encouraged to bring their own poster stand (tripod).
- Be sure to include the **abstract title, author and co-author names, and the institution(s)** where research is underway.
- Place your **e-mail address, phone, and fax numbers** in the upper right-hand corner of the poster board.
- It is recommended that you hand-carry your poster to the conference. Costs associated with creating and shipping the poster display will be the responsibility of the authors.
- **Refer to your acceptance letter** and/or the final conference program for the time and location of your poster session and set-up time.
- The **designated poster presenter** (author or co-author) must be present at the assigned space during the designated time to discuss the work presented.

Tips for Poster Preparation

- Posters should stimulate discussion, not give a long presentation. Therefore, keep text to a minimum, emphasize graphics, and make sure every item included in your poster is necessary.
 - Utilize hand-outs to supplement your poster.
 - Goal: 20% text, 40% graphics, 40% space.
 - Make sure ideas flow logically from one section to the next.
 - Use charts and graphs to illustrate data
 - Use high resolution photographs
 - Do not use all capital letters.
- Be consistent.
 - Keep consistent margins.
 - Keep line spacing consistent.
 - Keep the color, style, and thickness of borders the same.
 - Keep shading consistent.
- Pick no more than 2-3 fonts
- Pick no more than 2-3 colors
- Test readability
 - Title banner should be legible from 20 feet away.
 - Body text should legible from 6 feet away.

ORAL PRESENTATION GUIDELINES

We are delighted to have you at the IconRes 2024. Here are some guidelines to help you give a successful presentation at this conference.

1. Start with a strong opening: Begin your presentation with an attention-grabbing statement or a compelling anecdote. This will help engage the audience from the beginning.
2. Introduce yourself: Spend a few seconds introducing yourself, your affiliation, and your background. This will establish your credibility and expertise on the topic.
3. Clearly state the purpose of your research: Clearly articulate why your research is significant and what you aim to achieve with it. This will help the audience understand the relevance of your work.
4. Use simple language: Avoid using jargon or technical terms that may not be familiar to all audience members. Use clear and concise language that can be easily understood by everyone.
5. Structure your presentation well: Organize your presentation into distinct sections, such as introduction, methodology, results, and conclusion. This will make it easier for the audience to follow along and understand your research.
6. Use visuals effectively: Incorporate high-quality visuals, such as graphs, charts, and images, to support your key points. Make sure they are clear and easy to read, even from a distance.
7. Speak clearly and slowly: Enunciate your words clearly and speak at a moderate pace. This will ensure that your audience can understand your presentation, especially if English is not their first language.
8. Engage with the audience: Encourage audience participation by asking questions or giving them opportunities to provide feedback. This will make your presentation more interactive and allow for a deeper exchange of ideas.
9. Be mindful of time constraints: You are given only **10 minutes** to present your paper. Respect the allotted time for your presentation and avoid rushing through your slides. Practice your presentation beforehand to ensure that you can deliver it within the given time frame.
10. Maintain professionalism: Dress appropriately for the conference and maintain a confident and professional demeanor throughout your presentation. Show respect for the audience and be prepared to answer questions or address concerns.
