DIVISION MEMORANDUM
CID-2024- 094

TO : **The Principals of the following Schools:**
Dr. Cecilio Putong National High School (JHS)
Dr. Cecilio Puton National High School (SHS)
Tagbilaran City Science High School
Manga National High School
San Isidro National High School

FROM : **WILFREDA D. BONGALOS PhD CESO V**
Schools Division Superintendent *[Signature]*

SUBJECT : **8th MBG BIOPHYSICS SYMPOSIUM**

DATE : June 24, 2024

1. The Medical Biophysics Group (MBG) of the University of San Carlos in cooperation with Holy Name University – Center for Marine Science Studies (HNU – CeMSS) is organizing an annual symposium entitled “**8th MBG Biophysics Symposium**” on the theme “**Future Horizons in Biophysics: Building Partnerships and Reshaping Possibilities**”. This event aims to engage the teachers and high school students with the current research directions in the field of biophysics and tissue engineering.
2. In view thereof, this Office through the Curriculum Implementation Division (CID) would like to invite schools offering STEM to participate on this event. This event will take place on **July 11, 2024 at Holy Name University, Tagbilaran City form 9:00 am to 5:00 pm.**
3. MBG invited both international and local guest speakers for the said event.
4. **No registration fee** will be collected from the participants.
5. For more details, contact via this information: hsuarez@hnu.edu.ph
Cell Phone number: 0922-8933739.
6. Immediate dissemination of this Memorandum to all concerned is desired.

Dear Dr. Bongalos,

Greetings!

The Medical Biophysics Group (MBG) of the University of San Carlos in cooperation with Holy Name University- Center for Marine Science Studies (HNU-CeMSS) is organizing an annual symposium entitled **“8th MBG Biophysics Symposium”** on the theme **“Future Horizons in Biophysics: Building Partnerships and Reshaping Possibilities.”** This event aims to engage the teachers and high school students with the current research directions in the field of biophysics and tissue engineering.

This event will take place on **July 11, 2024, at Holy Name University, Tagbilaran, Bohol, from 9:00 am – 5:00 pm.** We would be pleased if you could invite your constituents and students from your division to the symposium. We have invited international and local guest speakers for the event. **No registration fee** will be collected from the participants. It will also be aired live on various social media platforms to gain bigger promotional coverage.

Attached are the formal invitation letter and Symposium Poster for your reference.

For more details, you can also contact me via this information:

Email: hsuarez@hnu.edu.ph
Cell Phone number: 0922-8933739

We are looking forward to your positive response.

Thank you very much!

Sincerely,

Hyacinth N. Suarez, PhD (co-organizer)
 HNU-Center for Marine Science Studies

Dear **Dr. Bongalos**,

The Medical Biophysics Group (MBG) of the University of San Carlos is organizing an annual symposium entitled “**8th MBG Biophysics Symposium**” on the theme “**Future Horizons in Biophysics: Building Partnerships and Reshaping Possibilities.**” This event aims to engage the teachers and high school students with the current research directions in the field of biophysics and tissue engineering.

This event will take place on **July 11, 2024, at Holy Name University, Tagbilaran, Bohol, from 9:00 am – 5:00 pm.** We would be pleased if you could invite your constituents and students from your division to the symposium. We have invited international and local guest speakers for the event. **No registration fee** will be collected from the participants. It will also be aired live on various social media platforms to gain bigger promotional coverage.

In line with DepEd’s pursuit of achieving a students’ full potential and delivering education with excellence, this opportunity will enable teachers and students to expand their knowledge of biophysics and tissue engineering, sparking their interests to pursue research. This symposium features international and local speakers whose works are at the forefront of research in this field. It offers a great opportunity to interact with these experts and other notable guests. This event also caters to the exchange of ideas and potential collaborations among schools and universities.
