## Graphical Abstract Presentation

*Theme: Education Evolutions: Global Insights through Innovation, Inclusion, and Impact*

**1. Eligibility:** All educators, preservice teachers, faculty, and teachers from Region VII are encouraged to join the University of the Visayas 2nd Regional Research Conference.

**2. Conference Theme and Topics:** The theme of the conference is "Education Evolutions: Global Insights through Innovation, Inclusion, and Impact." Submissions are invited on the following topics:

- Innovative curriculum design and development
- Instructional strategies and pedagogical approaches
- Best practices in teaching
- Assessment strategies
- Quality assurance in education
- Call for Papers and Posters: The call for papers and poster presentations will begin on June 11, 2024, and end on June 28, 2024.

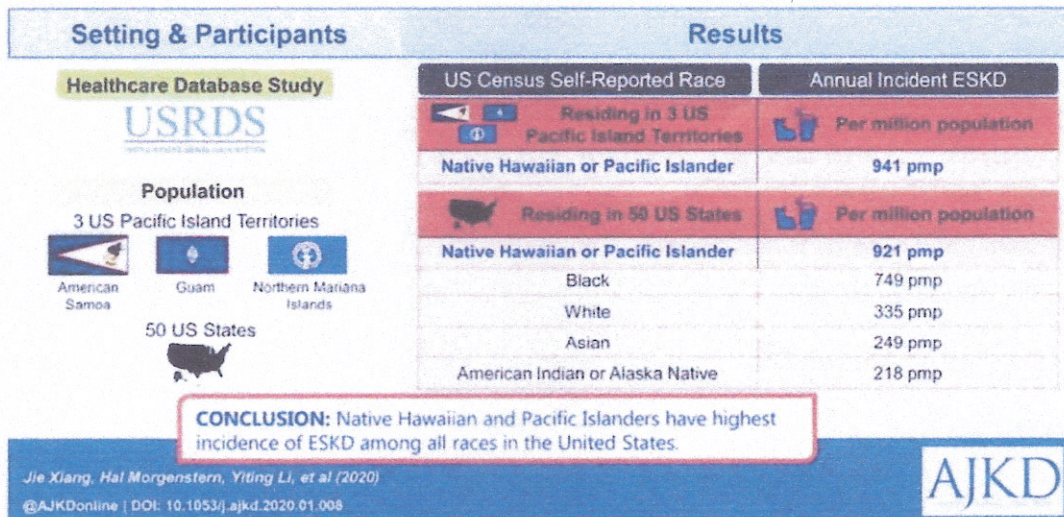

### 3. Guidelines:

- Authors must provide an original image that clearly represents the work described in the paper. Graphical abstracts should be submitted as a separate file in the submission system by selecting "graphical abstracts" from the drop-down list when uploading files. Please note that, just as each paper should be unique, so each graphical abstract should also be unique.
- Some titles have specific instructions for graphical abstracts, so please ensure you read the guide for authors of the journal in question before finalizing your work.
- For ease of browsing, the graphical abstract should have a clear start and end, preferably "reading" from top to bottom or left to right. Try to reduce distracting and cluttering elements as much as possible.
- Image size: please provide an image with a minimum of 1328 x 531 pixels (w x h) using a minimum resolution of 300 dpi. If you are submitting a larger image, please use the same ratio (500 wide x 200 high). Please note that your image will be scaled proportionally to fit in the available window on ScienceDirect: a 500 by 200-pixel rectangle.
- Font: please use Times, Arial, Courier or Symbol with a large enough font size as the image will be reduced in size for the table of contents to fit a window 200 pixels high.
- File type: preferred file types are TIFF, EPS, PDF or MS Office files.
- No additional text, outline or synopsis should be included. Any text or label must be part of the image file. Please do not use unnecessary white space or a heading "graphical abstract" within the image file.
- A basic visual/graphical abstract template is provided below in the "further reading & resources" section along with advice and further tips on how to create one. Please note the following:

- Image size: please provide an image with a minimum of 1328 x 531 (WxH) using a minimum resolution of 300 dpi. If you are submitting a larger image, please use the same ration (500 wide x 200 high). Please note that your image will be scaled proportionally to fit in the available window on ScienceDirect: a 500 by 200-pixels high.
- Font: please use Times, Arial, Courier or Symbol with a large enough font size as the image will be reduced in size for the table of contents to fit a window 200 pixels high.
- File type: preferred file types are TIFF, EPS, PDF or MS Office files.
- No additional text, outline or synopsis should be included. Any text or label must be part of the image file. Please do not use unnecessary white space or a heading graphical abstract" within the image file.
