DIVISION MEMORANDUM  
No.516, s. 2024

**2024 NATIONAL YOUTH SCIENCE, TECHNOLOGY,  
AND ENVIRONMENT SUMMER CAMP (NYSTESC)**

To: All Public and Private Secondary School Heads  
All Public and Private Secondary Science Teachers  
All Others Concerned

1. Attached is the invitation from Philippine Society of Youth Science Clubs (PSYSC), Inc., inviting junior and senior high school students, teachers, science club advisers and coaches to join the **2024 National Science, Technology and Environment Summer Camp (NYSTESC) on August 15-18, 2024, at La Virginia Hotel and Resort, Batangas, Philippines.**

2. Registration for NYSTESC requires science clubs or schools to fill out and submit the necessary forms found in the downloaded folder ([tinyurl.com/CAMP2024Downloads](http://tinyurl.com/CAMP2024Downloads)) to the NYSTESC email address: [nystesc@psys.org](mailto:nystesc@psys.org).

3. The involvement of students and teachers/educators from both public and private schools is contingent upon the decision of the Schools Division Superintendent and is subject to compliance with no-disruption-of-classes policy outlined in DepEd Order No. 9, s. 2005, titled "Instituting Measures to Increase Engaged Time-On-Task". Additionally, participation in the activity must adhere to the no-collection policy as articulated in Section 3 of RA No. 5546, "An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Projects or Purpose from Students and Teachers of Public and Private Schools.

4. Immediate dissemination of this Memorandum is directed.

Regional Director

Dear Mr. Salustiano T. Jimenez,

Greetings from the science clubbing movement!

The Philippine Society of Youth Science Clubs (PSYSC) Inc. is a nationwide organization dedicated to upholding the spirit of science clubbing and committed to promoting the public understanding of science, technology, and the environment (PUSTE). For over 52 years, PSYSC has continually conducted impactful activities and programs tailored towards elementary and high school students. Our aim is to empower and spark the interest of the youth towards science and technology and foster a deeper awareness and understanding of environmental and social issues.

This year, PSYSC is proud to conduct the **2024 National Youth Science, Technology, and Environment Summer Camp (NYSTESC)** with the theme "**Ravisingthe: Activating Electric Potential Beneath the Sands**". The event is open to **high school students from Grades 7 to 12, teachers, science club advisers, and coaches nationwide.**

NYSTESC is an annual four-day event comprised of a lecture series by distinguished experts on a selected field in S&T, interactive workshops for hands-on learning, exposure trips, and other fun-filled activities. Focusing on the field of **Electronics**, NYSTESC 2024 will be held on **August 15 - 18, 2024** at **La Virginia Hotel and Resort, Batangas, Philippines**. The event continues to foster camaraderie among participants while strengthening their passion for science, technology, and the environment through contests not limited to the school quiz competition, editorial writing and cartooning, poster making, dance competitions, and Pasalubong Festival.

In line with this, we would like to request your support by issuing a **DepEd memorandum** to further disseminate the event invitation to secondary high schools in your region. We believe that your endorsement will generate an even wider reach for NYSTESC, particularly to the Filipino youth whom we serve. As part of the science clubbing movement, NYSTESC provides an inclusive avenue for developing young minds to contribute meaningfully to society through collaboration and innovation.
