DIVISION OF CITY SCHOOLS - TAGBILARAN CITY

Office of the Schools Division  
Superintendent

August 21, 2024

**DIVISION MEMORANDUM**

NO: 566 s. 2024

**SEARCH AND DESTROY ACTIVITY**

TO: Assistant Schools Division Superintendent  
Chief, CID and SGOD  
All Public Elementary and Secondary Principals  
All Others Concerned

1. This Office through the Schools Governance and Operations Division would like to announce the conduct a Search and Destroy activity of the City Government to identify and eliminate potential mosquito breeding sites to our school premises to both Elementary and Secondary Schools on **August 23 and 24, 2024** at 6:00AM.
2. The City Government would like to request the support of the **Parents Teachers Association** to assist in the activity and **School Personnel** to oversee and guide the misting in classrooms and school premises.
3. Please see attached communication from the City Mayor for more details.
4. Immediate and wide dissemination of this Memorandum is desired.

Dear Dr. Bongalos:

Greetings!

I am writing to address a critical health concern affecting our community. The increasing cases of dengue fever in Tagbilaran City have prompted urgent action to ensure the safety of our students and staff. It is crucial that we take proactive measures to mitigate the risk within our school community.

In response to this public health challenge, we are organizing a "Search and Destroy" activity to identify and eliminate potential mosquito breeding sites around our school premises in the Elementary and High School to ensure a safe environment for our students and staff. Additionally, we will conduct misting operations to further reduce the risk of dengue transmission. These activities are scheduled to take place on **August 23-24, 2024 at 6:00AM**.

We kindly request the support and participation of the Parents and Teachers Association (PTA) in the search and destroy operations. Their involvement will be crucial in ensuring a comprehensive and effective approach to eliminating mosquito breeding grounds. Furthermore, we seek the assistance of school personnel to facilitate and guide the team during the misting operations, ensuring proper implementation and safety throughout the process.

**In summary, we are requesting the following:**

- 1. Parents and Teachers Association Members:** To assist in the search and destroy activities and help in identifying and addressing mosquito breeding sites.
- 2. School Personnel:** To oversee and guide the misting operations in classrooms and school premises, ensuring the effective application of dengue control measures.

We would appreciate it if you could coordinate with the PTA and school personnel to ensure their availability and readiness for these crucial activities. We are also open to any additional recommendations from the Division Office to enhance our efforts in combating this dengue outbreak. For more information you may call Marko Emmanuel C. Longjas at this number, 09954018613.

Thank you for your prompt attention to this matter and for your continued support in safeguarding the health of our school community. We look forward to your positive response and collaboration.

Sincerely,

**JANE CENSORIA C. YAP**  
City Mayor  
Chair, Tagbilaran City School Board
