DIVISION MEMORANDUM
No. **596**, s. 2024

2024 REGIONAL PHYSICS OLYMPICS SEMINAR

To: All Public and Private Secondary School Heads
All Physics Teachers
All Others Concerned

1. This has reference to the Regional Memorandum No. 729, S. 2024 dated August 14, 2024, titled **2024 Regional Physics Olympics Seminar**.
2. This Office, through the Curriculum Implementation Division (CID) would like to invite all public and private high school physics teachers on **September 14 and 21, 2024, at Foundation University, Dumaguete City, Negros Oriental**.
3. This seminar is **Free** of charge, furthermore, the Undersigned reiterates that attending to this event shall be **Voluntary**.
4. The involvement of students and teachers/educators from both public and private schools is contingent upon the decision of the Schools Division Superintendent and is subject to compliance with no-disruption-of-classes policy outlined in DepEd Order No. 9, s. 2005, titled "Instituting Measures to Increase Engaged Time-On-Task". Additionally, participation in the activity must adhere to the no-collection policy as articulated in Section 3 of RA No. 5546, "An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Projects or Purpose from Students and Teachers of Public and Private Schools.
5. Kindly refer to the attached letter from Mr. Brando A. Peniro, President of the Philippine Physics Society (PPS) for more information and reference.
6. Immediate and wide dissemination of this memorandum is desired.

REGIONAL MEMORANDUM

No. 929, s. 2024

14 AUG 2024

2024 REGIONAL PHYSICS OLYMPICS SEMINAR

To: Schools Division Superintendents
All Others Concerned

- Attached is a communication from Mr. Brando A. Pinero, President of the Philippine Physics Society (PPS), inviting participants to the 2024 Regional Physics Olympics Seminar on September 14 and 21, 2024, at the Physics Laboratory of Foundation University in Dumaguete City, Negros Oriental.
- The involvement of learners and teachers/educators/leaders from both public and private schools is dependent upon the decision of the Schools Division Superintendent and is subject to compliance with the no-disruption-of-classes policy outlined in DepEd Order No. 9, s. 2005, titled "Instituting Measures to Increase Engaged Time-On-Task." Additionally, participation in the activity must adhere to the no-collection policy as articulated in Section 3 of RA No. 5546, "An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Projects or Purpose from Students and Teachers of Public and Private Schools."
- For information and dissemination.

Regional Director

DepEd Region 7

Dear Dr. Jimenez:

Warm greetings! I hope this letter finds you in good health and high spirits. As the president of the Philippine Physics Society Negros Oriental Chapter, I am writing to inform you about the upcoming **2024 Regional Physics Olympics Seminar**, organized by the *Philippine Physics Society*, the *College of Arts and Sciences*, and the *College of Education-Graduate School at Foundation University*. The event is scheduled to take place on **September 14 and 21, 2024**, at **Foundation University, Dumaguete City, Negros Oriental**.

The Physics Olympics provides an exciting blend of learning and fun. The activities emphasize the understanding and application of physics principles, coupled with creativity, rather than mere exercise of skills or physical prowess. Traditional games of the Physics Olympics include the Egg Drop, Large Barge, Paper Tower, Paper Airplane, and Supermagnet. Over the years, the Physics Olympics has evolved into a stimulating venue for both fun and learning. During the event, we will discuss the physics laws and concepts related to the Physics Olympics, the mechanics of the games, and the construction of materials.

In line with this, I am inviting high school physics teachers from Region 7 (*Negros Oriental, Siquijor, Bohol and Cebu*) as our target participants. This seminar is particularly important for science teachers, especially those teaching physics, as it provides them with innovative teaching strategies, enhances their understanding of physics concepts, and equips them with practical skills that they can bring back to their classrooms. The hands-on nature of the seminar allows teachers to experience physics in action, fostering a deeper appreciation and enthusiasm for the subject, which they can then pass on to their students. This is an opportune time to enhance knowledge, combine it with creativity, and add fun to increase interest in science.

This **seminar is offered free of charge**, and we believe it will be a valuable professional development opportunity for all participants.

On the next page, you will find the schedule for the Free Regional Physics Olympics Seminar. If you have any concerns or inquiries, please feel free to contact us at 09692037445 or email us at pinerobrando@yahoo.com or brando.pinero@foundationu.com.

We look forward to your positive response and the active participation of our Region 7 high school physics teachers in this enriching event.

Thank you for your time and consideration.

I would also like to express my gratitude for your support during the seminar-workshop on the construction of laboratory equipment sponsored by the Philippine Physics Society and Maxino College in 2017.

Best regards,

Brando A. Piñero, MS

President

Philippine Physics Society Negros Oriental Chapter

Date: September 14, 2024|

8:00 a.m-12:00 nn -**Paper Tower**

Speaker: *Anna Rose Resomadero, LPT - DepEd*

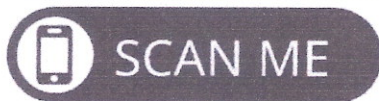

1:00 pm-4:00 pm-**Supermagnet**

Speaker: *Brando A. Piñero, MS -Foundation University*
