Dear **Dr. Bongalos**, Greetings in Saints La Salle and Benilde!

The De La Salle-College of Saint Benilde, School of Deaf Education & Applied Studies (SDEAS), in collaboration with the Rochester Institute of Technology in the United States and Dong Nai University in Vietnam, is currently undertaking a five-year initiative known as "Growing Regional Opportunities for Work" (Deaf GROW). This endeavor has been made feasible through the generous backing provided by The Nippon Foundation.

As part of this initiative, we will be organizing career consultation sessions for senior high school deaf students. The primary aim is to assist them in charting their future professional paths. The specific objectives of this endeavor are: 1) Advocating the belief among senior high school deaf students that their potential knows no bounds, 2) Introducing a wide range of viable career options available to them, and 3) Arranging opportunities for these students to interact with accomplished deaf professionals who can serve as role models. These sessions will be conducted in a face-to-face format and are expected to last approximately two hours. The detailed time allocation for this activity is provided below:

Activity	Duration
Introduction, Springboard and Processing	20 minutes
Success and Deafness (Sharing by a Deaf Professional)	30 minutes
Video Presentation	10 minutes
Career Planning Strategies and Tips	20 minutes
Open Forum	20 minutes
Closing Activity	20 minutes

We kindly request your esteemed support in **endorsing this session to school with Grade 11 and Grade 12 Deaf students in Tagbilaran City that will be held on September 25, 2024**.
