All Others Concerned

1. In line with the continued implementation of the Wash in Schools (WinS) Program, all public elementary and secondary schools are directed to **upload their WinS data for School Year 2024–2025** through the **Enhanced Online Monitoring System (E-OMS)**. The official uploading period is from **June 30, 2025 to August 29, 2025**.
2. All **designated School WinS Coordinators** are responsible for encoding and uploading the data. They must ensure the use of the **new E-OMS monitoring template**, which reflects updated indicators and includes two additional questions related to the School-Based Feeding Program (SBFP). These new questions are integrated in partnership with GIZ to gather reliable and primary data that will support SBFP planning and implementation.
3. All school heads are expected to oversee and support their WinS Coordinators in the accurate and timely completion of the data upload, and to verify that the latest version of the E-OMS template is used.
4. Kindly see the attached Memorandums for more details.
5. Immediate dissemination and compliance of this Memorandum is desired.
