evacuation drills, to scale up overall earthquake preparedness. However, this is subject to the strict implementation of minimum health protocols such as but not limited to, social distancing and handwashing to ensure the safe and effective conduct of the NSED. All DepEd offices and schools responsible for implementing the drill will assign Safety and Health Officers to monitor and evaluate the adherence to these protocols throughout the exercise.

For the post-NSED activities, the self-evaluation and processing of the NSED within respective areas of jurisdiction are encouraged after the conduct of NSED. Proper documentation and post-activity evaluation of said drill are required. All field offices are advised to make necessary preparations to ensure that the required reports are submitted on time, as indicated in Annex A.
