Subject: Request for DepEd Advisory for the Series of National Webinars on "ACTION RESEARCH FOR TEACHERS From Title to Data Analysis"

DEPARTMENT OF EDUCATION
TAGBILARAN CITY SCHOOLS DIVISION
RECEIVED
BY: TIME: 11-016
DATE: CITE

Dear Dr. Bongalos,

Warm greetings in the service of quality education.

On behalf of the Realizing Opportunities Nurturing Achievers (RONAS) Training Center, a PRC-accredited Continuing Professional Development (CPD) provider, we respectfully submit this request for your endorsement and support.

RONAS is an institution globally benchmarked and internationally accredited by the American Council of Training and Development (ACTD) and The CPD Group of London. Our mandate is clear: to advance the professional excellence of Filipino educators by delivering world-class, research-driven, and practice-oriented learning experiences aligned with DepEd's thrusts and the demands of 21st-century education.

In pursuit of this mission, we are launching a Series of National Webinar on Action Research for Teachers: From Title to Data Analysis with the theme: "Empowering Teachers through Action Research; Improving Practices, Enhancing Student Learning"

In an era where teaching is no longer merely the transmission of knowledge but the continuous interrogation of practice, Action Research stands as the most potent instrument of teacher empowerment and educational transformation. The National Seminar-Workshop Series on Action Research for Teachers: From Title to Data Analysis, anchored on the theme "Empowering Teachers through Action Research; Improving Practices, Enhancing Student Learning," transcends the conventional notion of compliance.

This is not a seminar on how to write a paper; it is a scholarly apprenticeship on how to reclaim the classroom as a laboratory, the teacher as a researcher, and student learning as the ultimate evidence of professional excellence. We deconstruct the entire research continuum — from the art of problematizing classroom realities into a researchable title, to the science of rigorous data analysis — equipping every Filipino teacher not just to meet promotion requirements, but to produce knowledge, publish with ISBN, and lead change from within their own schools.

To ensure the widest and most meaningful reach of this program, we respectfully request the issuance of a DepEd Division Advisory or Memorandum to endorse this professional development opportunity to all public and private schools within the Schools Division of Bohol.
With your endorsement, we can mobilize more teachers and school leaders to engage in high-quality CPD that is:

- PRC-CPD Accredited and internationally recognized
- Accessible and Inclusive, designed for all grade levels and learning areas

Enclosed herewith are the program brief, CPD accreditation documents, and other pertinent materials for your review and evaluation.

Your support will affirm the Division's unwavering commitment to accessible, rigorous, and future-ready professional development for its teaching force.

RONAS Training Center remains steadfast in its role as a strategic partner of the Department of Education in building a corps of empowered, reflective, and excellent Filipino educators.

We sincerely thank you for your kind consideration and favorable action on this request. For clarifications or a meeting at your convenience, you may reach us at 0910-248-6391 / 0917-896-8677.

With profound respect and commitment to educational excellence,

LESLIE ROSE B. GUIUAN, LPT, MAED

PROGRAM BRIEF: NATIONAL WEBINAR ON ACTION RESEARCH FOR TEACHERS

From Title to Data Analysis

Theme: "Empowering Teachers through Action Research; Improving Practices, Enhancing Student Learning"

This National Seminar-Workshop Series is a comprehensive, practice-based scholarly training designed to demystify the entire Action Research process — from problem identification and title formulation to data analysis and interpretation. Moving beyond compliance-driven research writing, the program repositions Action Research as a core professional competency for teachers and school leaders, grounded in DepEd Order No. 16, s. 2017 and the Philippine Professional Standards for Teachers (PPST).

Through intensive mentoring, participants will be equipped to transform observed classroom gaps into researchable problems, develop methodologically sound proposals, and generate evidence-based solutions that directly improve instructional practices and enhance learner outcomes, with a clear pathway toward publication and promotion.

PROGRAM GOAL:

The program aims to empower Filipino teachers and school leaders to become competent teacher-researchers capable of conducting systematic, classroom-based Action Research that improves pedagogical practices, enhances student learning, and produces publishable scholarly outputs that contribute to the professional knowledge base.

PROGRAM OBJECTIVES:

At the end of the 3-days intensive seminar-workshop, participants are expected to:

Knowledge Objectives:

1. Deconstruct the philosophical foundations, characteristics, and ethical principles of Action Research as a mode of professional inquiry;
2. Differentiate the essential components and standards of a quality Action Research title, rationale, and conceptual framework;
3. Demonstrate comprehensive understanding of research design, data gathering methods, and qualitative and quantitative data analysis techniques appropriate for classroom-based research.

Holy Name University
St. Paul University Dumaguete

B. Skills Objectives:

Formulate a researchable, specific, and impact-driven Action Research title anchored on identified classroom or school-based problems;

Construct a logically aligned Statement of the Problem, Methodology, and Data Analysis Plan;
Apply appropriate tools and techniques for analyzing and interpreting Action Research data for evidence-based conclusions and recommendations.

C. Attitudinal & Impact Objectives:

Internalize Action Research as a reflective practice and a commitment to continuous professional improvement, not merely a compliance requirement;
Develop a complete draft of an Action Research proposal ready for implementation, presentation, and future publication with ISBN/ISSN;

Commit to utilizing Action Research findings to innovate instructional strategies and produce measurable improvements in learner achievement within their respective learning environments.
